ON THE WAVE – SUMMER 2014

UPDATE

30 July 2014 – Genoa (Italy)

PIRACY: EMPLOYMENT OF PCASPs – EXTENSION UNTIL 31 DECEMBER 2014

The day after our last newsletter issued on 23 July 2014, the Italian Government extended the international missions of Armed Forces until 31 December 2014, including the possibility for Ship-owners to deploy private contracted armed security personnel (PCASPs) on board Italian flagged ships in HRA.

So, contractors can now be employed again on board Italian flagged vessels should an Italian Navy team be unavailable for the requested period in HRA.
